You will not see your email revision immediately in CyberCampus. After you update your email in both places on that "Profile" page in GGU4YOU it takes approximately 2 business days to be synchronized with the CyberCampus system.

If you still do not see a change in your CyberCampus 2 business days after you'd updated it in GGU4YOU please contact <u>cyberhelp@ggu.edu</u> and check to see if there is any issue to see what is stopping the update.
